General customer information on POP Regulation (EU) 2019/1021

Dear Sir or Madam,

Of course, Friedrich Lütze GmbH complies with nationally and internationally applicable laws, directives, standards and regulations for its products. With regard to the POP Regulation, this means the following for our customers in particular:

Regulation (EU) 2019/1021 of the European Parliament and of the Council, known as the POP Regulation (Persistent Organic Pollutants Regulation), was adopted on 2019-06-20 to protect human health and the environment from POPs.

This Regulation prohibits, restricts or stops the production, placing on the market and use of substances subject to the Stockholm Convention on POPs:

- Substances in Annex I of the POP Regulation are completely banned
- Substances in Annex II are restricted
- Substances in Annex III and IV are subject to rules on release reduction and waste management respectively

It is important to point out that the products of Friedrich Lütze GmbH do not contain and release any substances listed in Annexes I to IV. Therefore, they are not subject to the POP Regulation.

Please do not hesitate to contact us, if you have any questions.

Yours sincerely

Friedrich Lütze GmbH
